Dear Ms Honey,

Our Dunbar Neighbourhood has recently completed a 7 week on-location film shoot for the Ramona & Beezus movie.

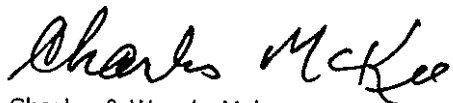

Having a full scale film crew occupy our residential area for such a long time is not without challenges, and many of us did feel some hardships and inconveniences. However, in retrospect, this turned out to be one of the most enjoyable, neighbourhood enriching experiences we could have imagined.

Without exception, the entire TCF Film Crew acted with a tremendous sensitivity to our residential community's needs. All were extremely professional, and respectful to our residents and our properties. Of special note were the Locations Team of Neil Robertson, Shane Lennox, Keli Moore and Stephanie Brown who all did an exceptional job at planning the most intricate of details, minimizing the impact of the project in the neighbourhood, responding immediately to our specific needs, and communicating so well with all of us. Most impressive to us all was the Locations team's positive, "can do" demeanour. These four individuals are wonderful ambassadors of the BC Film Industry.

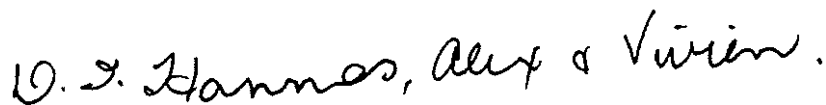

With considerable insight, the Locations Team hosted two Friday afternoon "social gatherings" for our street during the engagement. These events brought many of the neighbours outside and helped us grow new connections on the street that we would have otherwise not likely have experienced. Many of us are convinced that this filming experience has made our street community much stronger, and certainly more positive.

We are grateful for having had the opportunity to welcome the film industry to our street, and would certainly encourage other neighbourhoods to welcome these good citizens just as well.

Sincerely,

Charles & Wendy McKee
